

Powerful carpet extraction and bonnet buffing cleaner formulated to remove your most difficult carpet soils

PRODUCT DESCRIPTION

Sustainable Earth® Carpet Cleaner (SE62) is a safe, versatile, environmentally responsible product that does not sacrifice performance. It is a highly concentrated liquid carpet extraction cleaner that dilutes at one-half ounce per gallon of cool water in most cleaning situations. Expensive defoamers are not required. The product has its own built in defoaming properties that effectively cleans carpets with heavy shampoo and alkaline buildups. Formulated to resist re-soiling. Product is designed to be used with ExpressMix™ and HandyMix™ dispensing systems.

FEATURES

- Highly concentrated to provide maximum savings
- Use as a carpet cleaner, bonnet buffing cleaner or carpet prespray
- Effective on both oil and water based carpet soils
- Leaves no sticky or soapy residues to attract soils to carpet fibers
- Versatile formulation cleans carpets, entrance matting while eliminating unwanted odors
- Low odor makes it pleasant to use and reduces local complaints
- Built-in foam control to prevent recovery tank clogging
- Contains corrosion inhibitors to protect equipment
- Special ingredients provide color enhancement for carpet fibers
- Superior detergency to remove toughest of soil
- Safe on all generations of carpets
- Contains no 2-butoxyethanol
- Contains no alkyl phenol ethoxylates
- Formulated with rapidly biodegradable surfactants
- Meets Green Seal GS-37 performance standards
- Meets SEGC 114 Sustainable Cleaning Product Design Standard

PACKAGE SIZES

Item #	Description	Size	Units per case
SEB6201	SE62 Concentrated High Performance Carpet Cleaner	Gallon	4
SEB6202QM	SE62 Concentrated High Performance Carpet Cleaner, Quick Mix®	Gallon	4
SEB6204HM	SE62 Concentrated High Performance Carpet Cleaner, Handy Mix™	Half Gallon	3

Performance Data

Dilution Ratio 1:256

Removal of oily and greasy soils	Outstanding
Restoration of fiber color	Outstanding
Removal of food residues	Outstanding
Removal of soft drinks, coffee & tea	Outstanding
Removal of grease spots & fresh blood	Outstanding
Removal of oils from carpet fibers	Outstanding
Removal of rancid and malodors	Outstanding
Damage to carpet fibers, adhesive or backing	None observed
As a spin bonnet buffing cleaner	Outstanding

Usage Information

SE62 is formulated to work effectively with cold water. It is recommended that the product be used with cold water to help save energy used to heat water

1. Remove appropriate furniture and vacuum carpet thoroughly
2. Pre-spray carpet spots and heavily soiled traffic lanes using an appropriate carpet pre-spray, traffic lane cleaner or carpet spotter
3. Dispense or mix 1/2-ounce of SE62 Carpet Cleaner with each gallon of water
4. Mix or pour solution into extractor or use for bonnet buffing and clean the carpet according to the machine manufacturer's instructions
5. Reset the pile by brushing in one direction with a carpet rake or carpet brush
6. Replace furniture after carpet has dried thoroughly

Physical Data

Physical Form: Clear, Light Green Liquid

Odor: Low

pH Range: 6.0 to 7.0

Foam Level: Low

Coverage: 1750 up to 3500
sq. ft. per gallon

Concentrated: Dilutes at 1:256 for
medium soil levels

Shelf Life: 2 year minimum in
unopened container

Freeze/Thaw Stability: Excellent

Solubility in Water: Complete

About Sustainable Earth[®]

A sustainable cleaning solution contains products that perform and have a reduced effect on the environment and human health. Corporate Express believes that a sustainable community should use its resources to meet current needs while ensuring adequate resources are available for future generations. These guiding principles motivated us to create our Sustainable Earth[®] line of products.

Certification Definitions

Current environmental and sustainable standards are based on a process that may take a long time to complete. For cleaning products not included in the current environmental standards, Corporate Express has adopted the SEGC-114 Sustainable Cleaning Products Design Standard. This industry-leading proprietary standard raises the bar by examining each product's innovation and identifying packaging and product prerequisites, as well as outlining preferred product testing methods. The following chart details the Sustainable Earth[®] cleaning products' environmental certifications to date.

The U.S. Environmental Protection Agency's Design for the Environment (DfE) program seeks to promote the use of institutional cleaners and maintenance products with improved environmental and human health characteristics. Products displaying the EPA DfE logo have been "Formulated in Partnership with EPA Design for the Environment Formulator Initiative".

Green Seal certification to GS-37 Environmental Standard is awarded only after rigorous evaluation, product testing and an extensive manufacturing process audit and plant visits. Products earning the Green Seal certification meet Green Seal's environmental standard for industrial and institutional cleaners based on their reduced human and aquatic toxicity and reduced smog production potential.

All plastic containers used in packaging products display the Society of Plastics Industries' three sided triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as: 2:HDPE (High Density Polyethylene).
