

Powerful neutral Multi-Use Cleaner formulated to clean the most sensitive surfaces

PRODUCT DESCRIPTION

Sustainable Earth® Neutral Multi-Use Cleaner (SE64) is a highly efficient cleaner for floors, walls, woodwork, and other washable surfaces. Powerful cleaning agents will quickly remove soils without dulling, damaging, etching or harming floor finishes even when used for daily applications. Leaves no film or residues. It is safe for cleaning terrazzo, marble and other surfaces sensitive to low and high pH. This product is designed to also be used for daily autoscrubbing or damp mopping of hard surface floors. Sustainable Earth® Multi-Use Cleaner™ is a safe, versatile, environmentally preferred product that does not sacrifice performance. It will clean, degrease, brighten and deodorize floors, windows, walls, counter tops, toilets, sinks and many other surfaces not harmed by water. It is also an effective odor neutralizer against the toughest malodors in grease traps, drains and other places where unpleasant odors are found. Product is designed for use with ExpressMix™, Quick Mix® and Handy Mix™ dispensing systems.

FEATURES

- Fast acting general purpose cleaner formulated with neutral pH range
- Concentrated to reduce waste and lower end use costs
- Use as a daily autoscrubbing or damp mopping cleaner for hard surface floors including resilient, non-resilient and stone surfaces
- Deep cleans hard floor surfaces to prolong the life of floor finishes
- Will not dull or damage floor finishes
- Leaves no sticky or soapy residues to discolor or attract soils
- Cleans soils and oils from walls, floors, counter tops and other hard surfaces not harmed by water
- Meets Green Seal GS-37 Performance Requirements
- Meets SEGC 114 Sustainable Cleaning Product Design Standard
- Performs as well as nationally recognized products in its category when tested using ASTM D4488-85 Cleaning Performance Test
- One gallon of SE64 Neutral Cleaner when diluted at 1:256 with cool water makes 257 gallons of ready-to-use all purpose cleaner

PACKAGE SIZES

Item #	Description	Size	Units per case
SEB6401	SE64 Neutral Multi-Use Cleaner	Gallon	4
SEB6402QM	SE64 Neutral Multi-Use Cleaner, Quick Mix®	Gallon	4
SEB6404HM	SE64 Neutral Multi-Use Cleaner, Handy Mix™	Half Gallon	3
SEB6409	SE64 Neutral Multi-Use Cleaner	Drum	1-55 GL DM
SEB6409T	SE64 Neutral Multi-Use Cleaner	Tote	1-275 GL TT

Regardless of any Corporate Express or customer terms to the contrary, sales of 55 Gallon Drum and Tote quantities of Corporate Express Brands or Sustainable Earth Brand products are final and not returnable or exchangeable, and are inclusive of applicable shipping charges.

Performance Data

Dilution 1:256

Foaming Tests	Ultra low foaming
Damage to floor finish	None observed
Films, Streaking or Residues	None observed
Removal of clay soils	Outstanding
Removal of soils from grout	Outstanding
Removal of food residues	Outstanding
Streak free removal of soils from glass	Outstanding
Removal of fingerprints from stainless	Outstanding
Removal of oils from counter tops	Outstanding
Normal soil removal	Excellent
Wetting characteristics	Excellent
Heavy soil removal	Excellent
Grease and oil removal	Excellent
Cleaning efficiency test results	ASTM D4488-85

Productivity in your hands.

Usage Information

Apply cleaner directly onto surface and wipe, mop or scrub away soils.

Physical Data

Physical Form: Clear, yellow liquid

Odor: Low

pH Range: 6-8

Foam Level: Low

Concentrated: Reduces package waste

Shelf Life: 2 year minimum in unopened container

Freeze/Thaw Stability: Excellent

Solubility in Water: Complete

Dilution: 1:256 for normal soils.

Formulated to be Used with Cold Water: Yes

About Sustainable Earth®

A sustainable cleaning solution contains products that perform and have a reduced effect on the environment and human health. Corporate Express believes that a sustainable community should use its resources to meet current needs while ensuring adequate resources are available for future generations. These guiding principles motivated us to create our Sustainable Earth® line of products.

Certification Definitions

Current environmental and sustainable standards are based on a process that may take a long time to complete. For cleaning products not included in the current environmental standards, Corporate Express has adopted the SEGC-114 Sustainable Cleaning Products Design Standard. This industry-leading proprietary standard raises the bar by examining each product's innovation and identifying packaging and product prerequisites, as well as outlining preferred product testing methods. The following chart details the Sustainable Earth® cleaning products' environmental certifications to date.

The U.S. Environmental Protection Agency's Design for the Environment (DfE) program seeks to promote the use of institutional cleaners and maintenance products with improved environmental and human health characteristics. Products displaying the EPA DfE logo have been "Formulated in Partnership with EPA Design for the Environment Formulator Initiative".

Green Seal certification to GS-37 Environmental Standard is awarded only after rigorous evaluation, product testing and an extensive manufacturing process audit and plant visits. Products earning the Green Seal certification meet Green Seal's environmental standard for industrial and institutional cleaners based on their reduced human and aquatic toxicity and reduced smog production potential.

All plastic containers used in packaging products display the Society of Plastics Industries' three sided triangular arrow to make recycling easier. The majority of our containers are readily recyclable and classified as: 2:HDPE (High Density Polyethylene).
